FREE GAP Plus ADR*

(Auto Deductible Reimbursement)

covers up to \$500
of your deductible

With today's inflated auto prices, smart buyers know the value of having GAP insurance. GAP pays the difference between the actual cash value of a vehicle and the loan balance if the car is stolen or totaled*. This saves YOU from owing money to a lender in the event of a total loss collision.

But what about your deductible?

Members who have GAP through MEFCU also receive ADR (Auto Deductible Reimbursement) FREE! In the case of an accident, ADR covers up to \$500 of your deductible and can be used as many times as needed throughout the first three years of the loan.

Take advantage of this limited time offer! For details, contact our lending department at 954-265-3163 or 954-265-6597.
